Program

09.00-09.15 Opening **A. Nicolaidis (CY)**

Endothelial target in Vascular Disease

Chairs: S. Rockson (US), S. Olariu (RO)

09.15-09.30 Glycocalyx in Vascular physiology and pathology **S. Giancesini (IT)**

09.30-09.45 Endothelial inflammation in vascular disease **J.D. Raffetto (US)**

09.45-10.00 Sulodexide effects on endothelial dysfunction **J. Diaz (US)**

10.00-10.10 Closing remarks **S. Rockson (US)**

10.10-10.20 Discussion Knowns and Unknowns **N. Lecuona (MX), JS. Wang (CN)**

Comorbidities in venous disease

Chairs: A. Nicolaidis (CY), YW. Chi (US)

10.20-10.35 Diabetes impact on CVD and PTS **G. Gastaldi (CH)**

10.35-10.50 Cov-19 in thrombotic risk management **A.G. Ochoa (MX)**

10.50-11.05 Medical treatment approach in venous patients with comorbidities **T. Urbanek (PL)**

11.05-11.15 Closing remarks **YW. Chi (US)**

11.15-11.25 Discussion knowns and unknowns **R. Rial (ES), ZD. Ye (CN)**

Thrombotic risk in clinical settings

Chairs: G. Palareti (IT); YW. Chi (US)

11.40-11.55 Peri-procedural management in Phlebology **Z. Krasinski (PL)**

11.55-12.10 Long COVID-19 endothelial dysfunction management **S. Abdesselem (TN)**

12.10-12.25 Post-VTE management: new insights from WHITE study **J. Matuska (CZ)**

12.25-12.40 Post-Thrombotic Syndrome (PTS) prevention: state of the art **E. Aldrett Lee (MX)**

12.40-12.50 Closing remarks **YW. Chi (US)**

12.50-13.00 Discussion about knowns and unknowns **YJ. Li (CN), J. Strejcek (CZ)**

Lower Extremity Artery Disease (LEAD)

Chairs: P.L. Antignani (IT); Z. Krasinski (PL)

14.00-14.15 LEAD patients risk assessment **P. Poredos (SL)**

14.15-14.30 Medical treatment options and choices **A. Jawien (PL)**

14.30-14.45 Surgical options and choices **M. Abualhin (IT)**

14.45-14.55 Closing remarks **Z. Krasinski (PT)**

14.55-15.05 Discussion about knowns and unknowns **A. Zielinski (PL) J. Matuska (CZ)**

Diabetic Microangiopathies

Chairs: G. Gambaro (IT); L. Zuo (CN)

15.05-15.20 Diabetic Macular Edema (DME) prevention **A. Chebil (TN)**

15.20-15.35 Diabetic Foot (DF) management: the state of the art **N. Lecuona (MX)**

15.35-15.50 Vascular Access in Diabetic patients **QN. Fu (CN)**

15.50-16.00 Closing remarks **G. Gambaro (IT)**

16.00-16.10 Discussion about knowns and unknowns **F. Wang (CN), P.L. Antignani (IT)**

16.10-16.20 New insights from Guidelines **S. Kakkos (GR)**

16.20-16.30 Closing **A. Nicolaidis (CY)**

ORGANIZING SECRETARIAT

Planning Congressi S.r.l.

Via Guelfa, 9 - 40138 Bologna, Italy

This educational event is addressed to Physicians of the following disciplines:

**Vascular Surgery • Angiology • Cardiology • Geriatrics • Orthopedics • Internal Medicine
Hematology • General surgery • Dermatology**

*An application has been made to the UEMS EACCME[®]
for CME accreditation of this event.*

Under Auspices of

INTERNATIONAL UNION
OF ANGIOLOGY
